Springboard Securities Inc.

Report Pursuant to Rule 17a-5 (d)

Financial Statements

For the Year Ended December 31, 2004

KEVIN G. BREARD, C.P.A.
AN ACCOUNTANCY CORPORATION

Independent Auditor's Report

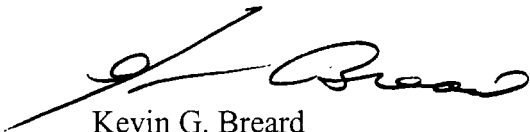

Board of Directors
Springboard Securities Inc.

I have audited the accompanying statement of financial condition of Springboard Securities Inc. as of December 31, 2004, and the related statements of operations, changes in stockholder's equity, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Springboard Securities Inc. as of December 31, 2004, and the results of their operations and their cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

My examination was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained on Schedules I-III are presented for purposes of additional analysis and is not required as part of the basic financial statements, but as supplementary information required by rule 17a-5 of the Securities and Exchange Commission. Such information has been subject to the auditing procedures applied in the examination of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole and in conformity with the rules of the Securities and Exchange Commission.

Springboard Securities Inc.
Notes to Financial Statements
December 31, 2004

Note 1: GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General

Springboard Securities Inc. (the "Company"), was incorporated in the State of California on August 11, 2000 and began operations in August 2001. The Company is registered as a broker-dealer with the Securities and Exchange Commission ("SEC") and is a member of the National Association of Securities Dealers ("NASD"), and the Securities Investors Protection Corporation ("SIPC").

The Company is a wholly-owned subsidiary of Springboard Capital Corporation (the "Parent").

The Company does not hold customer funds or securities and conducts business on a fully disclosed basis, whereby all transactions are cleared by another broker/dealer.

Summary of Significant Accounting Policies

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Commissions receivables are stated at face amount with no allowance for doubtful accounts. An allowance for doubtful accounts is not considered necessary because probable uncollectible accounts are immaterial.

Customers' securities transactions, and related commission income and expenses, are recorded on trade date basis.

Current income taxes are provided for estimated taxes payable or refundable based on tax returns filed on the cash basis of accounting. Deferred income taxes are recognized for the estimated future tax effects attributable to temporary differences in the basis of assets and liabilities for financial and tax reporting purposes. Measurement of current and deferred tax assets and liabilities is based on provisions of enacted federal and state tax laws.

The Company accounts for its income taxes using the Financial Accounting Standards Board Statement of Financial Accounting Standards No. 109, "Accounting for income taxes", which requires the establishment of a deferred tax asset or liability for the recognition of the future deductible or taxable amounts and operating loss and tax credit carry forwards. Deferred tax expenses or benefits are recognized as a result of the changes in the assets and liabilities during the year.

Springboard Securities Inc.
Notes to Financial Statements
December 31, 2004

Note 2: RENT EXPENSE

Current year rent expense consists of the following:

Rent	<u>\$ 113,524</u>
------	-------------------

Note 3: INCOME TAXES

The Company is included in the consolidated federal income tax return filed by its Parent. Federal income taxes are calculated as if the Company filed a separate federal income tax return. The current and deferred portion of the income tax expense (benefit) included in the statement of operations are as follows:

Current income tax expense (benefit)	
Federal	\$ —
State	<u>800</u>
Total current income tax expense (benefit)	800
Deferred income tax expense (benefit)	<u>—</u>
Total provision for income tax expense (benefits)	<u>\$ 800</u>

Note 4: RECENTLY ISSUED ACCOUNTING STANDARDS

In January 2003, The Financial Accounting Standards Board ("FASB") issued FASB Interpretation No. 46, "*Consolidation of Variable Interest Entities*" ("FIN 46"). This interpretation of Accounting Research Bulletin No. 51, requires companies to consolidate the operations of all variable interest entities ("VIE's") for which they are the primary beneficiary. The term "primary beneficiary" is defined as the entity that will absorb a majority of expected losses, receive a majority of the expected residual returns, or both. This interpretation was later revised by the issuance of Interpretation No. 46R ("FIN 46R"). The revision was issued to address certain implementation issues that had arisen since the issuance of the original interpretation and to provide companies with the ability to defer the adoption of FIN 46 to periods after March 15, 2004. The implementation of FIN No. 46 and FIN 46R, had no material impact on the Company's financial statements.

On July 16, 2004, the FASB ratified the Emerging Issues Task Force ("EITF") consensus on Issue 02-14, "*Whether the Equity Method of Accounting Applies When an Investor Does Not Have an Investment in Voting Stock of an Investee but Exercises Significant Influence through Other Means*" ("EITF 02-14"). The consensus concludes that an investor should apply the equity method of accounting when it can exercise significant influence over an entity through a means other than holding voting rights. The consensus is effective for reporting periods beginning after September 15, 2004. The adoption of EITF 02-14 did not have a material impact on the Company's financial statements.

Springboard Securities Inc.
Notes to Financial Statements
December 31, 2004

Note 4: RECENTLY ISSUED ACCOUNTING STANDARDS
(Continued)

On December 16, 2004, the FASB issued Statement of Financial Accounting Standards No. 123 (revised 2004), "*Share-Based Payment*" ("FASB 123R"), which addresses the accounting for employee stock options. FASB 123R requires that the cost of all employee stock options, as well as other equity-based compensation arrangements, be reflected in the financial statements based on the estimated fair value of the awards. Stock options are a valuable and important tool that have been used by many companies as a means to motivate employees and to promote business growth. The statement requires that the value of these arrangements be measured and recognized in the financial statements. FASB 123R becomes effective for reports filed after June 15, 2005. Early adoption of FASB 123R had no material effect on the Company's financial statements.

Note 5: NET CAPITAL

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Net capital and aggregate indebtedness change day to day, but on December 31, 2004, the Company had net capital of \$57,492 which was \$47,433 in excess of its required net capital of \$10,059; and the Company's ratio of aggregate indebtedness (\$150,881) to net capital was 2.62 to 1, which is less than the 15 to 1 maximum ratio allowed for a broker/dealer.

Note 6: RECONCILIATION OF AUDITED NET CAPITAL TO UNAUDITED FOCUS

There is a \$800 difference between the computation of net capital under net capital Rule 15c3-1 and the corresponding unaudited focus part IIA.

Net capital per unaudited schedule		\$ 58,292
Adjustments:		
Accumulated deficit	\$ (800)	
Total adjustments		<u>(800)</u>
Net capital per audited statements		<u>\$ 57,492</u>

Springboard Securities Inc.
Schedule I - Computation of Net Capital Requirements
Pursuant to Rule 15c3-1
As of December 31, 2004

Computation of net capital

Stockholder's equity		
Common stock	\$ 15,000	
Additional paid-in capital	608,956	
Accumulated deficit	<u>(566,464)</u>	
Total stockholder's equity		\$ 57,492
Less: Non-allowable assets and haircuts		<u>—</u>
Net Capital		57,492

Computation of net capital requirements

Minimum net capital requirements		
6 2/3 percent of net aggregate indebtedness	\$ 10,059	
Minimum dollar net capital required	<u>5,000</u>	
Net capital required (greater of above)		<u>10,059</u>

Excess net capital \$ 47,433

Ratio of aggregate indebtedness to net capital 2.62: 1

There was a \$800 difference in the net capital computation shown here and the net capital computation shown on the Company's unaudited Form X-17A-5 report dated December 31, 2004. See Note 6.

See independent auditor's report.

Springboard Securities Inc.
Schedule II - Computation for Determination of Reserve
Requirements Pursuant to Rule 15c3-3
As of December 31, 2004

A computation of reserve requirements is not applicable to Springboard Securities Inc. as the Company qualifies for exemption under Rule 15c3-3 (k)(2)(ii).

See independent auditor's report.

Springboard Securities Inc.
Schedule III - Information Relating to Possession or Control
Requirements Under Rule 15c3-3
As of December 31, 2004

Information relating to possession or control requirements is not applicable to Springboard Securities Inc. as the Company qualifies for exemption under Rule 15c3-3 (k)(2)(ii).

See independent auditor's report.

Springboard Securities Inc.
Supplementary Accountant's Report
on Internal Accounting Control
Report Pursuant to 17a-5
For the Year Ended December 31, 2004

KEVIN G. BREARD, C.P.A.
AN ACCOUNTANCY CORPORATION

Board of Directors
Springboard Securities Inc.

In planning and performing my audit of the financial statements and supplemental schedules of Springboard Securities Inc. for the year ended December 31, 2004, I considered its internal control structure, for the purpose for safeguarding securities, in order to determine my auditing procedures for the purpose of expressing my opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission, I have made a study of the practices and procedures followed by Springboard Securities Inc. including tests of such practices and procedures that I considered relevant to objectives stated in rule 17a-5(g), in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities, I did not review the practices and procedures followed by the Company in any of the following:

1. Making the quarterly securities examinations, counts, verifications and comparisons
2. Recordation of differences required by rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgements by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

i

NORTHRIDGE OFFICE PLAZA
9010 CORBIN AVENUE, SUITE 7
NORTHRIDGE, CALIFORNIA 91324
(818) 886-0940 • FAX (818) 886-1924
B r e a r d C P A @ a o l . c o m

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

My consideration of the internal control structure would not necessarily disclose all matters in the internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, I noted no matters involving the internal control structure, including procedures for safeguarding securities, that I considered to be material weakness as defined above.

I understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purpose in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate material inadequacy for such purposes. Based on this understanding on my study, I believe that the Company's practices and procedures were adequate at December 31, 2004 to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, and other regulatory agencies which rely on rule 17a-5(g) under the Securities Exchange Act of 1934 and should not be used for any other purpose.

A handwritten signature in black ink, appearing to read "Kevin G. Breard", is written over a horizontal line.
